We are pleased to invite the public and our members to participate in this exciting new workshop

“Create Your Own Terrarium”

With Art Scarpa

Art Scarpa has been growing container plants since he was a boy. His greenhouse in Reading is home to thousands of plants from all over the world. Miniature plants are favorites, and growing them in terrariums is an easy way to care for them.

Our tropical plants terrarium workshop promises to be a fun event, which will include a short talk based on the live plants Art will bring along. Here's your chance to use your creativity and take home your own living terrarium.

Date: Saturday, Nov. 9, 2013
